

Water Technologies Line Card

CAPABILITIES

- Advanced chemical treatment technology
- Extensive line of water treatment chemicals, parts, and equipment
- Legionella risk mitigation and water management plans for commercial buildings
- Pretreatment including filtration, water softening, and high purity reverse osmosis
- Laboratory analytical services
- Remote monitoring capabilities

MEET YOUR TEAM

Ben Feeney, Division Manager

(301) 525-1690 | ben.feeney@boland.com

Greg Sargent, Account Executive

(301) 407-7146 | greg.sargent@boland.com

Chris Via, Account Executive

(240) 704-6588 | chris.via@boland.com

Services and Solutions

Annual Testing Services & Chemical Contracts

- Cooling Water
- Boiler Water
- Wastewater
- Domestic Water

Chemical Cleaning Services

- Chillers
- Plate & Frame exchangers
- Cooling Towers
- Hot & Chilled Loops

Tower & Chiller Life Extension Coatings

- Rebuild chiller tube sheet and end bells with Belzona coatings
- Coatings for Tower Basins

Water Quality & Purification Equipment

- Cartridge filtration
- Water Softeners
- Lakos Centrifugal Separators
- RO & DI Systems
- Sand Filters

Remote Monitoring Equipment

- Smart Controllers, featuring remote monitoring/adjustment of system parameters and chemical levels, alerts, and graphical tools
- Smart chemical feed systems ensure chemicals hold their set point with precision

Glycol Services

- Glycol sales and delivery services
- Glycol lab analysis

Solid Chemistry

- Chemicals packaged in solid blocks
- Reduces the risk of spillage often seen with liquid chemicals
- The low weight also reduces the total carbon footprint from manufacturing to delivery
- Small footprint ideal for Roof Top Units and small spaces

Legionella Testing & Disinfection Kits

- Water Management Plans
- Legionella Sampling and Testing (CDC Elite Testing method)
- Legionella Disinfection Kits

Winter & Summer Lay-up Programs for Chillers & Boilers

- Programs, procedures and chemicals designed to reduce fouling of boiler & chiller tubes during downtime

Water Treatment Equipment

- Water Treatment Controllers
- Chemical Tanks
- Spill Containment
- Tubing
- Injectors
- Sensors
- Water meters
- Bleed valves
- Solid feeders
- Test kits
- Coupon racks

For a complete list of equipment, please contact your Boland representative.
